Dear Students and Parents/Guardians:

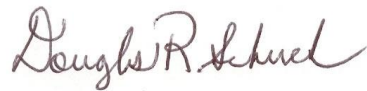

Bedford County Public Schools is dedicated to preparing our students to be productive and responsible citizens in our community and the world. To help fulfill this mission, all students, parents/guardians, teachers, and other school personnel must work together to create a learning environment where dignity, respect, and teamwork are paramount. The *Code of Student Conduct* has been established to help each student achieve his or her intellectual potential and to be a part of a dignified, respectful, and collaborative environment.

The Bedford County School Board has adopted the *Code of Student Conduct*. It defines the basic rules and major expectations of students in the public schools of Bedford County. Please review all information in the *Code of Student Conduct* carefully and discuss this information and the consequences of violating the rules with your child. Virginia law Section 22.1-279.3 requires that parents or guardians acknowledge receipt of these materials. An acknowledgment form is enclosed on page 36 of this booklet for you to complete and return to your school.

For additional information, School Board policies are available on the internet at <http://www.bedford.k12.va.us>.

As we work together, I hope your child experiences a fulfilling and successful school year.

Sincerely,

Dr. Douglas R. Schuch  
Superintendent

## Introduction

It is the belief of the Bedford County Public School Board that all students have the right to an environment that is safe, drug-free, and conducive to learning. To that end, our school system not only has the duty of providing an education for all students, but also has the responsibility of establishing standards of student conduct that help create an atmosphere necessary for learning. Students and their parents/guardians can expect school personnel to reinforce positive behaviors.

The primary objectives of the standards of student conduct are (1) to provide standards and guidelines for student behavior; (2) to assist the student in becoming a responsible, productive, and self-disciplined citizen; and (3) to maintain a safe and orderly environment in the classroom and all other areas of school activities.

As parents/guardians of students in Bedford County, you are asked to review this booklet containing the *Code of Student Conduct* with your children and give your support to Bedford County Public Schools in our efforts to promote high quality instruction and an atmosphere conducive to learning. The behavioral expectations outlined in this booklet are the official standard for our school division.

The Bedford County Public School Board also believes that character development is the foundation for the standards of conduct and is essential for a positive school environment where successful teaching and learning occur. Parents/Guardians are asked to work with the school to teach and support the development of the six pillars of character listed below:

- I. **Trustworthiness:** Build trust and credibility with *integrity* (consistency between beliefs, words and actions), *honesty* (truthfulness, sincerity and candor), *promise-keeping*, and *loyalty* (fidelity to family, friends, and country).
- II. **Respect:** Honor the worth and dignity of all individuals. Treat others the way you would want to be treated. Act courteously, civilly, peaceably, and nonviolently. Be tolerant and accepting of differences. Avoid rude, offensive, and abusive words and actions.
- III. **Responsibility:** Be accountable for your words, actions, and attitudes. Exercise self-control. Strive for excellence and self-improvement. Plan ahead. Set a good example for others. Be self-reliant, prudent, proactive, persistent, and hard-working.
- IV. **Fairness:** Be consistent, open, and treat all people equitably. Consider all sides and make decisions on the facts without favoritism or prejudice. Play by the rules, avoid careless accusations, and don't take undue advantage of others. Pursue justice and condemn injustice.
- V. **Caring:** Be kind, compassionate, empathetic, charitable, forgiving, and grateful.
- VI. **Citizenship:** Obey laws in good faith. Do your share to improve the well-being of fellow citizens and the community. Protect the environment, volunteer, and participate in the processes of democracy by staying informed and voting.

School board members, school personnel, parents, and students share the responsibility to create and maintain a school environment that is safe and conducive to learning. It is the responsibility of the School Board to adopt policies and regulations. The superintendent has responsibility to issue standards of student conduct including a list of corrective disciplinary actions for violation of the standards. The school principal has responsibility to enforce the student conduct standards using reasonable judgment. Each parent has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance. Students are expected to attend school regularly and to demonstrate good citizenship, enjoying the rights and fulfilling responsibilities set forth in the student conduct standards.

## Levels of Progressive Consequences Information

Behavior that detracts from one student's ability to profit from instruction or that infringes on the rights of others warrants the assigning of a disciplinary consequence to the student exhibiting the inappropriate behavior. The intent of the disciplinary consequence is to bring about a positive change in the student's behavior. Just as academic instruction is individualized, disciplinary consequences are to function with guidelines that are broad enough to allow for student differences, extenuating circumstances, and educational resources.

School administrators are to exercise informed judgment as to whether a student's action is in violation of the *Code of Student Conduct* in school buildings, on school grounds and parking lots, in school vehicles, at school-related activities (e.g., field trips, sporting events, competitions, dances, etc.), or going to and returning from school. Six levels of consequences for violations of the *Code of Student Conduct* have been developed to guide school administrators to help change student behaviors and develop traits of good citizenship.

While school administrators are provided with a guide for the assigning of progressive consequences, there are circumstances that require school administrators to assign a consequence at a level out of the progression order or to assign a consequence that is not listed on the following page.

Below are several examples:

- School administrators have the option of using a consequence from a lower level, unless a level V or VI consequence is required.
- For repeated chronic or cumulative offenses, in which students demonstrate a continued disregard for the *Code of Student Conduct* or any just cause, higher levels of consequences may be assigned.
- Each school principal is to suspend from school ten days and refer to the office of superintendent/designee with a recommendation for expulsion any student who, while on a school bus, on school property, or at a school sponsored activity:
  - 1) is in possession of a firearm or weapon;
  - 2) threatens or assaults a staff member;
  - 3) possesses or distributes drugs;
  - 4) possesses a firebomb, chemical bomb, explosive materials or devices, or hoax explosive devices; or
  - 5) endangers the safety of the school community and/or any of its members.
- The School Resource Officer (SRO) Program places law enforcement officers from Bedford County and the City of Bedford in schools in an effort to create and maintain a safe learning environment for the students. School Resource Officers may be involved with student discipline issues and may take law enforcement action in consultation with the school administrator. In addition, certain acts of crime that occur on school property or at school sponsored events must be reported to local law enforcement authorities by the principal/designee (§ [22.1-279.3:1](#)).
- According to § [22.1-279.3:1](#) of the *Code of Virginia*, certain criminal acts that occur in the community must be reported to the principal/designee and superintendent/designee and the student may be assigned to an alternative education program (§ [22.1-277.2:1](#)).

The charts on the following pages set forth prohibited conduct and the level of consequences for violations.

## Compulsory School Attendance Expectations

### **Definition: Violation of state, school division, or school policy relating to attendance.**

The compulsory attendance law adopted by the State of Virginia requires that all children who have reached their fifth birthday on or before September 30<sup>th</sup> and who have not passed their eighteenth birthday must attend school. It is the legal responsibility of parents or guardians to ensure that students have regular daily attendance for the entire school day. Parents or guardians must seek homebound instruction for their children when they are absent for extended periods due to documented illnesses. The homebound request forms can be obtained from the school office.

According to Section 22.1-258 of the *Code of Virginia*, whenever any pupil fails to report to school on a regular school day and no notification regarding the student's absence has been received by school personnel, a reasonable effort to notify the parent or guardian by telephone shall be made by school personnel. To assist school personnel in implementing this policy, parents or guardians are encouraged to contact the school if their child is going to be absent from school.

**Notification for Absences:** When a student is absent from school for an entire day, or for one or more class periods, a parent or guardian must notify the school in a written, faxed, or emailed note within five (5) days of the student's returning to school. The notification should contain the following:

- the date the note is written;
- the student's full name;
- the reason(s) for the absence(s).
- the date(s) of the absence(s); and
- the parent's or guardian's signature (acceptable by email if address can be verified by school).

Medical documentation is required to verify doctor's appointments and may be required to verify illnesses. The principal will be the judge of the validity of any excuses.

**Excused Absences:** Students shall not be tardy to school or absent without an acceptable excuse. Absences due the following conditions will be considered excused if documented within five (5) days of the student's returning to school:

1. Death in the immediate family
2. Subpoenaed court appearance
3. Medical condition (as documented by the parent and/or physician)
4. Religious holiday (if such holiday is verified and the school is notified in advance)
5. Other good and just cause as approved by the principal

To be considered as excused in any of the above categories, the parent must be aware of and support the absence. No absence will be considered as excused that is in violation of any court order.

**Excessive Excused Absences:** The attendance record of students with more than 15 excused absences will be reviewed by the principal and addressed if needed.

**Dismissal Precautions:** A formal check-out system shall be maintained in each school. School principals/designees shall not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students shall be released only on request and authorization of the parent or guardian. The burden of proof regarding the authority of the person to receive the student is on the requesting party. Written documentation for absences due to the early dismissal of a student is also required.

**Upon Fifth Absence Without Parental Awareness and Support:** Whenever any pupil fails to report to school for a total of five scheduled school days for the school year and no indication has been received by school personnel that the pupil's parent is aware of and supports the pupil's absence, and a reasonable effort to notify the parent has failed, the school principal/designee shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The principal/designee, the pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance (§ 22.1-258, *Code of Virginia*).

**Upon Sixth Absence Without Parental Awareness and Support:** If the pupil is absent an additional day after direct contact with the pupil's parent and the school principal/designee has received no indication that the pupil's parent is aware of and supports the pupil's absence, the school principal/designee shall schedule a conference within

ten school days with the pupil, his parent, and school personnel, which conference may include other community service providers, to resolve issues related to the pupil's nonattendance. The conference shall be held no later than fifteen school days after the sixth absence. The plan will be updated and then signed by all parties present (§ 22.1-258, *Code of Virginia*).

**Upon Additional Absence Without Parental Awareness and Support:** Upon the next absence by such pupil without indication to the school principal/designee that the pupil's parent is aware of and supports the pupil's absence, the school principal/designee shall notify the Truancy Prevention Specialist, who shall enforce the compulsory attendance rules one of the following: 1) diversion from juvenile and domestic relations court through the Truancy Review Team, 2) filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision as defined in § 16.1-228, or 3) instituting proceedings against the parent pursuant to § 18.2-371 or § 22.1-262. In filing a complaint against the student, the school principal/designee shall provide written documentation of the efforts already undertaken to resolve the pupil's absence. If the student's parents have joint physical custody pursuant to § 20-124.2 and the school has notice of the custody arrangement, then both parents shall be notified at their last known addresses (§ 22.1-258, *Code of Virginia*).

**Parental Cooperation in Resolving Excessive Unexcused Absences:** Nothing in this section shall be construed to limit in any way the authority of any attendance officer or division superintendent to seek immediate compliance with the compulsory school attendance law (§ 22.1-258, *Code of Virginia*). Attendance officers, other school personnel or volunteers organized by the school administration for this purpose shall be immune from any civil or criminal liability in connection with the notice to parents of a pupil's absence or failure to give such notice as required by (§ 22.1-258, *Code of Virginia*).

**Nonattendance and Denial of Driving License by Court Action:** According to § 46.2-323(E) of the *Code of Virginia* and BCPS Policy JED, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

**Possible Court Action Regarding Truancy and Driver's License:** If a court finds that a child at least 13 years of age has failed to comply with school attendance and meeting requirements as provided in § 22.1-258, the court shall order the denial of the child's driving privileges for a period of not less than 30 days. If such failure to comply involves a child under the age of 16 years and three months, the child's ability to apply for a driver's license shall be delayed for a period of not less than 30 days following the date he reaches the age of 16 and three months.

If the court finds a second or subsequent such offense, it may order the denial of a driver's license for a period of one year or until the juvenile reaches the age of 18, whichever is longer, or delay the child's ability to apply for a driver's license for a period of one year following the date he reaches the age of 16 and three months, as may be appropriate.

Any child who has a driver's license at the time of the offense or at the time of the court's finding as provided in subsection A1 shall be ordered to surrender his driver's license, which shall be held in the physical custody of the court during any period of license denial (§16.1-278.9, *Code of Virginia*).

**Compulsory School Attendance and Alternative Education Attendance:** A student for whom an individual student alternative education plan has been granted and who fails to comply with the conditions of such plan shall be in violation of the compulsory school attendance law, and the division superintendent or attendance officer of the school division in which such student was last enrolled shall seek immediate compliance with the compulsory school attendance law. (§ 22.1-254 (E)(d), *Code of Virginia*).

Parents are requested to accompany their young children to and from the bus stop. Each student is required to ride his/her assigned bus and get on and off at his/her designated stop. A student may be allowed to ride a bus other than the assigned bus and/or get on or off at a stop other than the designated stop if the student has written permission from the parent or guardian, approved in advance by the school principal and/or designee. Parents are responsible for the supervision and safety of students from home until they board the bus, and from the bus stop to home.

### Consequences for Violations Related to Bus Transportation

After a student has demonstrated a pattern of disruptive behavior, such as being out of his/her seat or making loud noises, the bus driver will warn the student verbally. A **Bedford County School Bus Conduct Report** will be filled out by the bus driver when a student violates bus regulations or displays unacceptable conduct. Students may receive bus conduct reports for actions witnessed by the driver or filmed by the video camera.

- Pre-School -5<sup>th</sup> Grades: Students receiving referrals at these grade levels may be subject to the following guidelines as consequences to their inappropriate behavior as the school administrator sees fit.
- 6<sup>th</sup> -12<sup>th</sup> Grades: Students receiving referrals at these levels will be subject to the following guidelines as consequences to their inappropriate behavior. Any changes to this process will be at the administrator's discretion.

Offense/Violations	Consequences for violations may include, but may not be limited to, the following:
1 <sup>st</sup> Offense – Step 1	Conference with principal/designee and parent contact.
2 <sup>nd</sup> Offense – Step 2	Student is suspended from the bus ONE DAY and parent contact.
3 <sup>rd</sup> Offense – Step 3	Student is suspended from the bus THREE DAYS – Parent and student must meet with the principal/designee before student may ride the bus again.
4 <sup>th</sup> Offense – Step 4	Student is suspended from the bus FIVE DAYS – Parent and student must meet with the principal/designee before the student may ride the bus again.
5 <sup>th</sup> Offense – Step 5	Student is suspended from the bus TEN DAYS – Parent and student must meet with the principal/designee and the bus driver before the student may ride the bus again. A plan of action will be written.
6 <sup>th</sup> Offense – Step 6	Parent and student meet with the superintendent/designee before the student may ride the bus again. Student may be suspended from riding the bus for the remainder of the school year.
Detention, School Service, In-School Suspension, and Out-of-School Suspension may also be used as consequences.	
Some behaviors necessitate immediate suspension and students will be placed at the appropriate step. Students on any of the above steps who do not have referrals for thirty school days may drop back a step. For students with disabilities, administrators should consult special education case managers to ensure compliance with local, state, and federal guidelines.	

### Video Cameras

Several of the school buses are equipped with video cameras. These tools monitor the passenger area of the bus. The purpose of this equipment is to provide an extra tool to assist the driver in managing student conduct on school buses which is important for passenger safety.

## Driving To and From School - Expectations and Consequences

If you drive to school, you are required to obtain a school parking permit and you must follow all driving related expectations. The privilege of bringing a vehicle onto school property may be limited or denied by the school administration.

1. To be eligible to drive to school, you must:
  - have a valid Virginia State Driver's License,
  - register your vehicle at your school,
  - sign a driver contract with your parent/guardian (if under 18 years of age),
  - pay the school's parking fee, and
  - be pre-approved by your school administration.
2. You must display your parking permit on the rear view mirror (not on the dash or seat of the vehicle). The permit must be completely visible from the front of the vehicle. Failure to comply may result in the loss of parking privileges or having your car towed at your expense.
3. If you park your vehicle on the school campus without a current parking permit, the vehicle may be towed **without warning**, at your expense.
4. You must enter the parking lot in a timely and responsible manner. The speed limit on school grounds is five (5) MPH. Speed limit is strictly enforced. All forms of reckless driving are strictly prohibited on school grounds.
5. You must park your vehicle in the designated parking area according to school policy. Vehicles parked in an incorrect parking space will be subject to towing at the owner's expense.
6. **Your vehicle may be searched by school administration when circumstances warrant such action.** Remember you are responsible for all items in your vehicle and that you are to ensure there are never items in your car which are in violation of the *Code of Student Conduct* or state law.
7. You are not to display obscene, offensive, or disruptive items on or in your vehicle.
8. You are to keep your vehicle locked and secured.
9. You are to get out of your car immediately and exit the parking lot.
10. You are not permitted in parking lots during the school day without written permission from your school administration.
11. If you receive 6 unexcused tardies to school, your parking privileges will be suspended for one (1) week. All subsequent tardies will extend the period of lost driving privileges – administrators will determine the length of suspension.
12. Once you have arrived on campus you are not allowed to leave early without administrative and parent permission for any reason.
13. Upon leaving school, you are to exit the parking lot in a timely and responsible manner obeying all traffic controllers.
14. In addition to the rules listed above, your driving privileges may also be suspended for the following reasons:
  - a. Violation of Virginia Attendance Laws
  - b. Tardiness
  - c. Parking Without a Permit
  - d. Reckless Driving on School Grounds
  - e. Carrying unauthorized number of passengers
  - f. Consequence for Disruptive Behavior Assigned
  - g. Leaving School Without Permission/Skipping
  - h. Loud Music

Any Other Reason Deemed Appropriate by the Administration

Students under 18 years of age, who have had their license for less than 1 year, may not carry more than 1 passenger other than siblings in their vehicle. After holding a valid license for 1 year, students under the age of 18 may not carry more than 3 passengers. ALL students are expected to wear seatbelts. Periodic safety checks will be performed at the discretion of the administration, under the supervision of the School Resource Officer.

### **Drugs in Schools** ***School Board Policy JFCF***

The unlawful manufacture, distribution, dispensation, possession, use or being under the influence of alcohol, anabolic steroids, or any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or other controlled substance as defined in the Drug Control Act of Chapter 34 of Title 54.1 of the Code of Virginia and as defined in 21 USC section 812, imitation controlled substances or drug paraphernalia while on school property, while going to and from school, or while engaged in or attending any school-sponsored or school approved activity or event, is prohibited, and will result in an automatic recommendation of expulsion.

"Drug Paraphernalia" shall mean those items described in section 18.2-265.1 of the Code of Virginia and "imitation controlled substance" shall mean pill, capsule, tablet, or other item which is not a controlled substance, and alcoholic beverage, anabolic steroid, or marijuana, but which by overall dosage unit appearance, including color, shape, size, marking or package, or by representations made, is intended to lead or would lead a reasonable person to believe that such pill, capsule, tablet or other item is a controlled substance, and alcoholic beverage, anabolic steroid, or marijuana.

In accordance with §22.1-277.08 of the Code of Virginia, a student who has brought a controlled substance, imitation controlled substance, or marijuana as defined in §18.2-247 onto school property or to a school-sponsored activity must be recommended for expulsion. However, the school board may determine that under the facts of the particular case, special circumstances exist and another disciplinary action is appropriate. In addition, the superintendent or his designee is authorized to conduct a preliminary review of the matter and determine whether disciplinary action other than expulsion is appropriate.

**Prevention and Intervention:** Any student who violates this policy shall participate in the prevention and intervention activities identified in Bedford County school division's drug and violence prevention plan.

The School Board may require any student who is in possession of or under the influence of drugs at school or school-sponsored activities to: (1) undergo evaluation for drug abuse and (2) participate in a drug treatment program if recommended by the evaluator and if the student's parent consents.

**Required Reporting to Parents and Local Law Enforcement:** The Principal shall report a violation of this policy to parents and local law enforcement as required by Policy CLA.

### **Weapons in Schools** ***School Board Policy JCFD***

**Possession or Use of Weapons:** Possession or use of a weapon, whether operable or inoperable, including, but not limited to, knives, firearms, explosives and flammables, and any item that can be or is used as a weapon or to start a fire, in a school building, on school property, at a school-sponsored activity, or going to or from school, is prohibited. Students who violate this prohibition will be subject to administrative and/or legal action. This violation will also be reported to law enforcement officials.

In accordance with state and federal law, a student who brings or possesses a firearm as defined in section 22.1-277.07D of the Code of Virginia, or as prohibited by section 18.2-308.1 of the Code of Virginia onto school property or to a school sponsored activity must be expelled for a minimum of 365 days. The School Board may determine, based on the facts of the particular case, that special circumstances exist and that another disciplinary action is appropriate. Nothing herein shall prohibit the Board from permanently expelling such student. In addition, the superintendent or his designee is authorized to conduct a preliminary review of the matter and determine whether disciplinary action other than expulsion is appropriate.

The following weapons (defined as "firearms" in state law) on school property or at school-sponsored events requires at least a 365 calendar day expulsion unless exceptional circumstances exist:

1. Any knife having a metal blade three inches or longer;
2. Any pistol, shotgun, stun weapon, revolver or other weapon designed or intended to propel a missile of any kind;
3. Any dirk, bowie knife, switchblade knife, ballistic knife, razor, slingshot, spring stick, metal knife, or blackjack;

7. Any weapon, including a starter gun, which will or is designed or may readily be converted to, expel a projectile by the action of an explosive.
8. The frame or receiver of any weapon referenced in item 7;
9. Any firearm muffler or firearm silencer, or
10. Any destructive device. "Destructive device" is defined as (i) any explosive, incendiary, poison gas bomb, grenade, rocket having an explosive or incendiary charge of more than one-quarter ounce, mine, or other similar device; (ii) any weapon, except a shotgun or shotgun shell generally recognized as particularly suitable for sporting purposes, by whatever name known which will, or may easily be converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter, and (iii) any combination of parts either designed or intended for use in converting any device into any destructive device described in this subsection and from which a destructive may be readily assembled. "Destructive device" does not include any device which is not designed or redesigned for use as a weapon, or any device originally designed for use as a weapon, or any device originally designed for use as a weapon and which is redesigned for use as a signaling, pyrotechnic, line-throwing, safety, or similar device.

## **Student Rights**

### **Right to Freedom of Expression** ***School Board Policy IB and JED***

The School Board seeks to educate young people in the democratic tradition, to foster recognition of individual freedom and social responsibility, and to inspire meaningful awareness of and respect for the Constitution and the Bill of Rights.

Freedom of individual conscience, association, and expression will be encouraged and fairness in procedures will be observed both to safeguard the legitimate interests of the schools and to exhibit by appropriate examples the basic objectives of a democratic society as set forth in the Constitutions of the United States and the Commonwealth of Virginia.

Students may express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of their submissions. Such home and classroom work shall be evaluated by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by the school.

The superintendent's regulations will include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations will ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which he missed by reason of such absence, if the absence is verified in an acceptable manner.

### **Right to Participate in Patriotic Exercises** ***School Board Policy IEA and Code of Virginia, § 22.1-202***

Each school board shall require the daily recitation of the Pledge of Allegiance in each classroom of the school division and shall ensure that the flag of the United States is in place in each such classroom. The Pledge of Allegiance shall be said in the morning. During the recitation of the Pledge, students shall stand and recite the Pledge while facing the flag with their right hands over their hearts or in an appropriate salute if in uniform.

No student shall be compelled to recite the Pledge if he/she, his/her parent or legal guardian objects on religious, philosophical, or other grounds to his participating in this exercise. Students who are exempt from reciting the pledge shall quietly stand or sit at their desks while others recite the Pledge and shall make no display that disrupts or distracts from those who are reciting the Pledge.

Appropriate accommodations shall be made for students who are unable to comply with the procedures described herein due to disability.

The school board's code of conduct shall apply to disruptive behavior during the recitation of the Pledge in the same manner as provided for other circumstances of such behavior.

### **Right to Freedom from Unreasonable Search and Seizure of Property** ***School Board Policy JFG***

The student's individual right to privacy and freedom from unreasonable search and seizure is balanced by the school's responsibility to protect the health, safety, and welfare of all persons within the school community. To maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel, school administrators may search a student, student lockers and other storage facilities, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item considered a danger to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school, or any item described as unauthorized in school rules.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property, but may be conducted wherever the student is involved in a school – sponsored function.

Any search must be reasonable in scope, duration, and intensity in relation to the item being sought.

**Personal Searches:** School administrators have the right to search any student's person and/or personal effects (e.g., purse, book bag, etc.) when there is a reasonable suspicion to believe that the student possesses an item which violates law, school policies and regulations, or which may be harmful to the school or its students.

Students may be scanned with a metal detector.

A pat down search of a student may only be conducted if a school administrator has established a high level of reasonable suspicion to believe that the student possesses an item which violates law, school policies and regulations, or which may be harmful to the school or its students. If a pat down search of a student's person is conducted, it will be conducted in private by a school administrator of the same sex and with an adult witness of the same sex present.

Strip searches may only be used when an extremely serious situation exists requiring immediate action. Such a search should be used only in the context of imminent threat of death or great bodily injury to a person or persons. If a strip search must be conducted, it will be conducted in private by a school administrator of the same sex and with an adult witness of the same sex present and the school administrator must have the prior approval of the superintendent *or his designee*, unless the health or safety of the student would be endangered by the delay.

**Locker Searches:** Student desks, lockers and other storage facilities are the property of and remain under the control of the school. The school administration has the right to search lockers, desks and other storage facilities for items which violate law, school policies and regulations, or which may be harmful to the school or its students, and any such items which are found may be confiscated. Items which violate the law may be turned over to law enforcement officials. Students are responsible for the content of their assigned locker at all times.

**Automobile Searches:** Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. Such patrols and inspections may be conducted without notice and without student consent. The interiors of student vehicles may be inspected whenever a school administrator has reasonable suspicion that it contains an item which violates law, school policies and regulations, or which may be harmful to the school or its students.

**Computer Searches:** School computers, software and internet access records are school property. Students are only authorized to use school computers and other similar educational technology consistent with the educational mission of the school. School administrators, with the assistance of technical support employees, may search school computers, software and internet access records at any time for any reason and without student consent.

**Consent Searches:** If a student gives a school administrator consent for a search, the school administrator does not need to demonstrate reasonable suspicion. A student's consent is only valid if given willingly and with knowledge of the meaning of consent. Students should be told of their right to refuse to be searched, and students must not perceive that they are at risk of punishment for refusing to grant permission for the search.

**Seizure of Illegal Materials:** If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

### **Right to Freedom from Corporal Punishment** ***School Board Policy JGA***

No teacher, principal, or other person employed by the School Board shall subject a student to corporal punishment.

For the purposes of this section, "corporal punishment" means the infliction of, or causing the infliction of, physical pain on a student as a means of discipline. This definition shall not include physical pain or discomfort caused by participation in practice or competition in an interscholastic sport, or participation in physical education or an extracurricular activity.

In addition, this definition shall not include physical pain, injury or discomfort caused by the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control or the use of reasonable and necessary force as permitted by section 22.1-279.1 of the Code of Virginia, 1950, as amended.

### **Discipline of Students with Disabilities** **Policy JGDA**

#### **Students with Disabilities under Individuals with Disabilities Education Act (IDEA)**

The Bedford County Public Schools recognize the right of each student with a disability to a free appropriate public education. Students identified as disabled are expected to follow the rules as outlined in the **Code of Student Conduct**. The dispositions, however, may vary as disciplinary actions for children with disabilities invoke the procedural protection of the Individuals with Disabilities Education Act and the State Regulations governing programs for children with disabilities. Decisions regarding the discipline of students with disabilities are made on a case-by-case basis considering the unique and special circumstances of the situation.

If the behavior of a child with a disability impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions, strategies, and supports to address the behavior. The IEP team shall consider either:

1. Developing goals and services specific to the child's behavioral needs; or
2. Conducting a functional behavioral assessment (FBA) and determining the need for a behavioral intervention plan (BIP) to address the child's behavioral needs.

School personnel may remove a child with a disability from school for not more than ten (10) cumulative school days in a school year to the same extent a removal is applied to a student without a disability. Educational services are not required during this period of removal unless supplied to children without disabilities. No IEP team meeting or manifestation review meeting are required. Additional short term removals of up to ten days at a time in the school year may be imposed if the additional removal is not found to be a pattern. A pattern is determined by school personnel after considering the length of each removal, the proximity of the removals, the total time removed and the similarity of the current behavior to the child's behavior in previous incidents of removal.

Educational services must be provided after the first ten days of removal in the school year. The educational services that are provided must allow the student to continue to participate in the general education curriculum and to progress toward meeting the goals of the IEP. The student must continue to participate in Virginia Department of Education and division-wide assessment programs.

The educational services are determined by the IEP team and a manifestation review meeting is held if the removal is found to be a pattern. If the removal is not found to be a pattern, school personnel in consultation with the special education teacher determine the educational services to be provided during the removal but no manifestation meeting is required. A determination should also be made as to whether a functional behavior assessment or behavioral intervention plan need to be developed or revised in connection with any additional short term removal.

Long-term removals are considered a disciplinary change of placement. A long-term removal is defined as any removal for more than 10 school days at a time (e.g., long term suspension or expulsion) or cumulative short-term removals that exceed 10 days and are a pattern. When a long-term removal is being considered, the school administrator shall convene a manifestation team meeting within ten school days and must provide educational services during the removal as determined by the IEP team. The educational services must allow the student to continue to participate in the general education curriculum and to progress toward meeting the goals of the IEP, although in another setting. The student must continue to participate in Virginia Department of Education and division-wide assessment programs. If there is a manifestation, an FBA and BIP must be developed or reviewed to address the behaviors so that they do not recur. If there is no manifestation, the manifestation review team must consider whether an FBA and BIP need to be developed or reviewed.

The manifestation determination review meeting is held immediately but not later than ten school days after the decision to impose a disciplinary change in placement is made. The decision is made by relevant members of the IEP (Individual Education Plan) team, as determined by the parent(s) and the school division. A manifestation determination is made by considering all relevant information in the child's file, including the IEP, any teacher observations, and any relevant information provided by the parent(s). The manifestation team determines if the conduct in question was caused by or had a direct and substantial relationship to the student's disability or whether the misconduct was caused by any failure to implement the student's IEP. If it is determined that the conduct **is not a manifestation** of the child's disability, the student may be disciplined as any other student but educational services, as determined by the IEP team, must be provided. If it is determined that the conduct **is a manifestation** of the child's disability, the student may not be disciplined unless an exception applies, such as a forty-five school day removal, but the appropriateness of the child's placement and program may be reassessed by the IEP team and/or eligibility committee as appropriate. Any failure to implement the IEP must be addressed. The person(s) or group, which can include the School Board or a committee of the School Board, shall have available to it the student's complete educational and disciplinary files in making the final determination regarding whether to discipline the student.

For discipline involving 1.) the infliction of serious bodily injury upon another, 2.) carrying a weapon to school or possessing a weapon at school, on school premises or at a function under the jurisdiction of a school division or the Virginia Department of Education or 3.) the knowing possession or use of illegal drugs or the sale or solicitation for sale of controlled substances while at school, on school premises or at a function under the jurisdiction of a school division or the Virginia Department of Education, a student may be placed in an alternative setting by school personnel for up to 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability. The IEP team would convene to document the change of placement and to define educational services to be provided in the alternative placement. A manifestation determination review meeting must be held. If the student's parent or parents disagree with the determination that the student's behavior was not a manifestation of the student's disability, with any decision regarding a disciplinary change in placement or with the pattern determination, the parent(s) may request an expedited due process hearing. The School Board may request an expedited due process hearing if it believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others. The child shall remain in the interim alternative educational setting pending the decision of the special education hearing officer; or until the expiration of the time for the disciplinary period set forth in this section, whichever comes first, unless the parent and the school division agree otherwise.

A student who has not been determined to be eligible for special education and related services and who has engaged in behavior that violates any rule or provision of the code of conduct may assert any of the protections provided in this procedure if the school division had knowledge that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred. The school division shall be deemed to have knowledge that a student is a student with a disability if: the parent(s) of the student have expressed concern in writing (or orally if the parent or parents do not know how to write or have a disability that prevents a written statement) to school personnel that the student is in need of special education and related services; the parent(s) of the student have requested an evaluation of the student to be determined eligible for special education and related services; or a teacher of the student or school personnel have expressed concern about a pattern of behavior demonstrated by the child directly to the director of special education or to other supervisory personnel.

The school division would not be deemed to have knowledge that a student is a student with a disability if the parent of the child has not allowed a previous evaluation of the child or has refused special education services; or the child has been evaluated and determined ineligible for special education and related services.

If the school division does not have knowledge that a student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures applied to a student without a disability who engages in comparable behaviors.

If a request is made for an evaluation of a student for identification of the student as a student with a disability during the time period in which the student is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner. Until the evaluation is completed, the student remains in the educational placement determined by the school personnel, which can include remaining on suspension or expulsion without educational services. If the student is determined to be a student with a disability, taking into consideration information from the evaluations conducted by the school division and information provided by the parent(s), the school division shall provide special education and related services but in an alternative placement.

School personnel are not prohibited from reporting a crime committed by a student with a disability to appropriate local, state or judicial authorities. School personnel must ensure that copies of the special education and disciplinary records of the child are provided to these authorities.

### **Students with Disabilities under Section 504**

The following procedures apply to qualified students receiving Section 504 services who are involved in disciplinary incidents.

School personnel may remove a child with a disability from school for not more than ten (10) cumulative school days in a school year to the same extent a removal is applied to a student without a disability.

A series of short-term removals in excess of ten days that that are determined to be a pattern of removals **or** a long-term removal (more than 10 days at a time) are considered a significant change in placement and require a manifestation determination review (MDR).

When a long-term removal of a student with a Section 504 Plan is being considered or a pattern or short-term removals exists, the student's Section 504 team should convene to evaluate the relationship between the student's disability and misbehavior in order to determine whether the misbehavior was a manifestation of the student's disability. Team members should have available current information from a variety of sources that will give them an understanding of the student's disability. The behavior will be considered a manifestation of the student's disability if:

- a. The conduct was caused by or had a direct and substantial relationship to the student's disability; or
- b. The conduct was the direct result of the school division's failure to implement the student's Section 504 Plan.

The team's determinations should be documented in writing and provided to the student's parents along with a copy of the Section 504 procedural safeguards.

Exceptions:

- a. A qualified student who currently is engaging in the illegal use of drugs or in the illegal use of alcohol may be removed from his/her educational placement for a drug or alcohol offense to the same extent that such disciplinary action is taken against nondisabled students.
- b. In such an instance, no Section 504 evaluation, MDR, or impartial hearing is available to the student nor is it required. Educational services will be provided only to the same extent as they are to nondisabled students following such disciplinary action.

If the team determines that the misconduct was **not a manifestation** of the disability, the school may impose whatever removal it would impose under the same circumstances if a student without disability were the offender. The school is not required to provide educational services to a Section 504 student during this period of removal, unless such services are not provided to students without disabilities during such removals.

If it is determined that the conduct **is a manifestation** of the child's disability, the appropriateness of the child's placement and program must be reassessed by the 504 team and/or eligibility committee as appropriate. Discipline dispensations will be guided by the manifestation determination unless an exception applies.

## Required Notices

### Parental Responsibility Excerpted from the *Code of Virginia*, as amended

#### § 22.1-279.3. Parental responsibility and involvement requirements.

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.
- B. A school board shall provide opportunities for parental and community involvement in every school in the school division.
- C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section; (ii) a copy of the school board's standards of student conduct; and (iii) a copy of the compulsory school attendance law. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or school division's policies or decisions. Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress.
- E. In accordance with the due process procedures set forth in this article and the guidelines required by § [22.1-279.6](#), the school principal may notify the parents of any student who violates a school board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed a petition. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.
- F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.
- G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:
  1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or
  2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

### **Prosecution of Juveniles as Adults**

According to § 22.1-279.4 of the *Code of Virginia*, Schools are required to provide information to students regarding laws governing the prosecution of juveniles, age 14 years or older, as adults for the commission of certain crimes.

The law permits the transfer of juveniles for trial as adults under three specified circumstances. The process that is to be followed to make the transfer may vary.

**Circumstance 1:** A juvenile age 14 or older who is charged with a crime that would be a felony if committed by an adult could be tried as an adult. A felony is defined as any crime that is punishable by death or confinement in a state correctional facility. There are six classes of felonies and the punishment for felonies ranges from death or imprisonment for life and a fine of not more than \$100,000 for the class 1 felony to a term of imprisonment for not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both, for the class 6 felony. For a transfer for prosecution as an adult the Commonwealth's Attorney's office makes a formal request. The juvenile court then holds a transfer hearing.

**Circumstance 2:** A transfer can occur when a juvenile 14 years or older is charged with capital murder, first or second degree murder, murder by lynching or as the result of mob action, or aggravated malicious wounding. Whenever a juvenile 14 years of age or older is charged with capital murder, first or second degree murder, murder by lynching or as the result of mob action, or aggravated malicious wounding, the juvenile must be tried as an adult. The juvenile court holds a preliminary hearing to determine whether there is probable cause for the charge to move forward. The decision to transfer is not discretionary.

**Circumstance 3:** A transfer can occur when a juvenile 14 years of age or older is charged with the following offenses: second degree murder, if by accident while in the prosecution of some other act which is a felony, injury by mob, abduction, malicious wounding, malicious wounding of a law enforcement officer, poisoning, attempted poisoning, robbery, carjacking, rape, forcible sodomy, or object sexual penetration.

The transfer of a juvenile for trial as an adult is made at the discretion of the Commonwealth's Attorney. If the Commonwealth's Attorney decides to transfer the juvenile for trial as an adult, the juvenile court holds a preliminary hearing and must, if there is probable cause to move the charge forward, transfer the juvenile for prosecution as an adult.

If a juvenile is transferred for trial as an adult, all other charges of delinquency arising out of the same act will be transferred. Once a juvenile is convicted as an adult all subsequent offenses, of whatever nature, will be treated as adult offenses.

There are significant differences on the impact of going through the criminal justice system as a juvenile and going through as an adult. In the traditional juvenile system, a juvenile is given additional protections because of his youth. First, issues related to the charge and conviction of a crime may be confidential and therefore may not be available to the public. Second, the juvenile's criminal record is erased, following a period of time, when the juvenile becomes an adult. Third, a juvenile who is convicted remains in the juvenile system where a judge has a lot of freedom to determine the punishment/consequence to be imposed. In the juvenile system the emphasis is on treatment and education. In contrast, if a juvenile is prosecuted as an adult (1) the issues and information related to the charge and the conviction of a crime are part of the public record; (2) the information is part of an adult criminal record and is therefore never erased when the juvenile becomes an adult; and (3) the juvenile is subject to the sentencing guidelines which are imposed in the state system. These guidelines provide the minimum sentencing requirements and do not provide the judge with freedom in imposing a punishment; however, the circuit court judge does have the discretionary power to commit the juvenile to the juvenile system even if prosecuted as an adult.

### **Student Suspension/Expulsion Policy** ***School Board Policy JGD/JGE***

**Suspensions of Ten School Days or Less:** The principal or assistant principal may suspend a student out of school for ten days or less using the following procedures.

**Informal Hearing:** Except in an emergency situation requiring the student's immediate removal, no student shall be suspended from school prior to having an informal hearing before the assistant principal or principal. At such an informal hearing, the student shall be informed as to the charges and given an opportunity to respond. If the student denies the charges, the assistant principal or principal shall give the student an explanation of the evidence supporting the charges and an opportunity to explain his/her version of the facts. If appropriate, the assistant principal or principal may conduct a further investigation into the matter before taking action.

In emergency situations where a student's presence may pose a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, a student may be suspended from school immediately without the informal hearing set forth above. In such cases, the student shall be accorded the informal hearing as soon as practicable, but not later than 3 school days after the immediate suspension.

**Notice of Suspension:** Once a decision to suspend is made, the assistant principal or principal shall observe the procedures listed below:

- (a) The assistant principal or principal will attempt to notify the parent/guardian as soon as possible by telephone, and shall notify the parent/guardian and student in writing of the suspension and the reasons therefor. The written notice shall also state any conditions of the suspension, e.g., required parental conference, prohibition on coming onto school property, and the date that the student may return to school. Except in an emergency, a student is not to be dismissed during the school day without prior notice to the parent/guardian. A copy of the written notice of the suspension shall be transmitted by the assistant principal or principal to the Superintendent/designee within two school days.
- (b) The written notice shall also inform the parent/guardian that the suspension decision may be subject to review on the record by the Superintendent/designee if requested in writing within three school days of receipt of the notice of suspension.

**Review by Superintendent:** Upon written request of the parent/guardian within three (3) school days of the suspension, the Superintendent/designee shall conduct a review of the suspension on the record. The failure to request a review of the suspension in writing within the prescribed time will constitute a waiver of the right to a review of the short-term suspension. The suspension shall remain in place during the appeal process. The decision of the Superintendent/designee upon such review shall be final.

**Procedures Governing Long-Term Suspensions:** If a student is recommended for long-term suspension, the following procedures shall be observed:

- (a) The principal or assistant principal shall notify the student's parent/guardian and the student in writing of the recommendation for long-term suspension and the reasons therefore.
- (b) A copy of the written notice of the recommendation for long-term suspension shall be transmitted to the Superintendent/designee within two school days.
- (c) The Superintendent/designee will conduct a hearing within ten school days of the recommendation, unless the student and his/her parent/guardian agree to an extension of time for conducting the hearing. The Superintendent shall adopt regulations setting forth the procedure for conducting long-term suspension hearings.
- (d) The Superintendent/designee may uphold the recommendation or recommend various forms of other disciplinary action, including, but not limited to, disciplinary probation, community service work assignments, placement in alternative education programs, or referral to other public agencies.

**Appeal of Long-Term Suspension:** If the Superintendent/designee decides to long-term suspend the student, the principal, the student, and the student's parent/guardian shall be advised in writing of the decision and of the student's right to an appeal the decision to the School Board, which appeal shall be decided upon the record. The appeal must be made in writing to the Superintendent within 5 school days from the date of the Superintendent/designee's decision or the right to appeal to the School Board will be waived. Upon a timely appeal, the School Board will decide the appeal on the record within 30 days of the appeal.

**Procedures Governing Expulsion:** If a student is recommended for expulsion, the following procedures shall be observed:

- (a) The principal/assistant principal shall notify the student's parent/guardian and the student in writing of the recommendation for expulsion and the reasons therefor.
- (b) A copy of the written notice of the recommendation for expulsion shall be transmitted to the Superintendent/designee within two school days.
- (c) Once the Superintendent/designee receives notification of a recommendation for expulsion, he/she shall conduct a hearing to determine whether to recommend expulsion to the Board. The Superintendent/designee may impose a lesser sanction. If the Superintendent/designee upholds the recommendation of expulsion, the student shall be suspended until the matter is decided by the School Board.

- (d) Recommendations of expulsion shall be heard by the full School Board or a committee thereof. A student will only be expelled upon vote of the School Board or committee thereof.
- (e) The procedure for the hearing before the School Board or the committee thereof shall be as follows:
  - (i) The School Board shall determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing shall be private unless otherwise specified by the School Board.
  - (ii) The School Board may ask for opening statements from the principal or his representative and the student or his parent or their representatives and, at the discretion of the School Board, may allow closing arguments.
  - (iii) The parties shall then present their evidence. Because the principal has the ultimate burden of proof, he shall present his evidence first. After the principal concludes his evidence, the student shall present his evidence. Witnesses may be questioned by the School Board members and by the parties or their representatives. The School Board may, in its discretion, vary this procedure, but it shall afford full opportunity to both parties the right of cross examination; provided, that the School Board may take testimony of student witnesses outside the presence of the student, his parent and their representative if the School Board determines, in its discretion, that such action is necessary to protect the student witness.
  - (iv) The parties shall produce such other evidence as the School Board may deem necessary. The School Board shall be the judge of the relevancy and materiality of the evidence.
  - (v) Exhibits offered by the parties may be received in evidence by the School Board and, when so received, shall be marked and made a part of the record.
  - (vi) The School Board may, by majority vote, uphold, reject or alter the recommendation.
  - (vii) The School Board shall transmit its decision to the student, the student's parent/guardian, the principal and the Superintendent.
  - (viii) A student who has been expelled from school by the School Board may file a written petition for readmission with the Superintendent no less than 300 and no more than 320 days after the effective date of the expulsion. The School Board will consider and act upon such petition prior to the expiration of 365 days from the effective date of the expulsion. If the petition is denied, subsequent petitions for readmission may be filed a year later unless a different time period is set by the School Board when ruling on the initial petition for readmission.

**Disciplinary Authority of the School Board and Superintendent under Certain Circumstances:** The School Board may, in accordance with the procedures set forth in the policy for long-term suspensions or expulsions require any student who has been (a) charged with an offense relating to the Commonwealth's laws, or with a violation of School Board policies, on weapons, alcohol or drugs, or intentional injury to another person; (b) found guilty or not innocent of an offense relating to the Commonwealth's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or for which the disposition ordered by a court is required to be disclosed to the superintendent of the school division pursuant to Va. Code § 16.1-260.G; (c) found to have committed a serious offense or repeated offenses in violation of School Board policies; (d) suspended or expelled pursuant to School Board policies, to attend an alternative education program. The School Board may require such student to attend an alternative education program regardless of where the crime occurred. The Bedford County School Board may also require any student who has been found to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of school board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

As used in this section, the terms "charged" means that a petition or warrant has been filed or is pending against a pupil, and "alternative education program" shall include, but shall not be limited to, night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

The division superintendent or his designee is authorized to require students to attend an alternative education program consistent with the above provisions after (i) written notice to the student and his parent that the student will be required to attend an alternative education program and (ii) notice of the opportunity for the student or his parent to participate in a hearing to be conducted by the division superintendent or his designee regarding such placement. The decision of the superintendent or his designee regarding such alternative education placement shall be final unless altered by the school board, upon timely written petition, established for appeals of long-term suspensions, by the student or his parent, for a review of the record by the school board.

The principal or his designee may impose a short-term suspension upon a student who has been charged with an offense involving intentional injury enumerated in subsection G of § 16.1-260, to another student in the same school pending a decision whether to require that such student attend an alternative education program.

**Bedford County Public Schools  
Anti-Bullying Pledge**

Student safety and creating a positive learning environment are two of Bedford County Public Schools top priorities. The school system is seeking to maintain high behavioral expectations of all students in order to send a clear message to all students, parents, and community members that all schools are safe places and will not tolerate inappropriate behaviors including bullying.

Bullying is defined as repeated negative behaviors targeting a specific person that may include, but are not limited to threats, verbal or written abuse, physical abuse, harassment, and ethnic or gender slurs. Cyber bullying is the use of electronic media to support deliberate, repeated, and hostile behavior by an individual or group with the intention of physically or psychologically intimidating others.

Everybody should enjoy school equally and feel safe and accepted, regardless of popularity, athletic ability, school performance, family circumstances, gender, race, and/or religion. In signing this pledge, you, as a student, agree to:

- Value student differences and treat others with respect
- Not become involved in acts of bullying, even as bystanders
- Be aware of all forms of bullying and make sure actions are not aggressive or hurtful
- Pay attention to this school's effort to end bullying
- Pay attention in places in the school where there is less supervision
- Use friendships to help and not hurt others
- Support others who have been bullied or have bullied to find ways to help themselves
- Report honestly and immediately incidents of bullying
- Be a good role model for other students in school and help if signs of bullying begin
- Talk with teachers and parents regularly if bullying is affecting your life
