

-Sign-up for the FMS PTA Parent email database

For 2010-2011 if not already a member

Parents of the FMS students:

FMS PTA has an email database in place which is sorted by student, by grade used to e-mail notices, announcements and reminders to you. All notices are sent out with your email address hidden.

To join simply sign the form below and print the information needed so we may begin to key your info into the database. This database is not linked to the FMS office list, nor is it shared. It was designed to keep you informed with the happenings at FMS and defray costs of paper notices.

This will be set up by grade level, so you won't get many notices that apply to the whole school, mainly just your child's grade. If you have other children entering or staying in the school please list them as well. Thank you.
